## Notes

### REPOSITIONED IN LIFE

Imagine - you move to a new house – you've left the old one – but there's a problem –

You live in the new as if it was still the old!

Although you changed address nothing much else appears to have significantly changed.

Here Jesus is with 'that woman at the well',

Her address is: -

Our father's – she is trapped in history.

This mountain – she is trapped in geography.

She has a 'killer condition' called N.M.S.  
Negative Mind Sets-

Faulty thinking that is containing and holding her captive to a cycle of living that has made her a prisoner to her circumstances and relationships.

Jesus is wanting to re-locate her to a new life – in a new land – with a new identity.

It's called – Spirit and truth.

He begins to use 'the wrecking ball' of truth to dismantle her negative mindsets in order to free her to be the woman of destiny she was designed to be.
