Notes

Possibly one of the most famous passages in the Bible – Moses at the Burning Bush. But as you look over it again check out if you've missed some important keys especially if God is taking you into a new season.

These keys are:

- 1) Being faithful in a 'dry place'.
- 2) Looking out for God's 'attention grabbers'.
- 3) Making the decision to do something about what you see.
- 4) Learning that God often responds when He sees your response.
- 5) Knowing my response brings forth God's instructions.
- 6) Need to remove 'my sandals'.
- 7) Finding the great 'I AM'.

If like Moses you've been in a dry, barren place let this message help connect you with the God of breakthrough who is ready to move you into a new and exciting phase of life with Him.
